Hunter 350W

The Hunter 350W aluminum boat is designed for estuary fishing. The wide and low deadrise hull design allows access shallow waters freely. Its size and mass provides efficient transportation on your vehicle's roof.

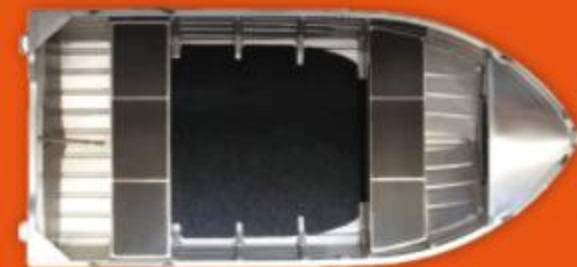

- Full length pressed strake increase the rigid
- Marine grade aluminum
- Optional Cell-foam Upholstery

Hunter 370

Just like the H350W, the Hunter 370 aluminum boat is also designed for estuary fishing and the proficiency of accessing shallow waters. Unlike the H350W, the substantial and flat bonnet of the H370 is ideal for installing a trolling motor.

- Full length pressed strake increase on the rigid
- Marine grade aluminum
- Optional Cell-foam Upholstery

Hunter 395

The Kimple Hunter 395 aluminum boats are the only member of the Hunter family in which maintains the classic arch bonnet design. It's classic look and carpeted floor makes the H395 imperative on fishers' lists.

- Full length pressed strake increase the rigid
- Marine grade aluminum
- Optional Cell-foam Upholstery

Hunter 395M

As opposed to the Hunter 395, the Hunter 395M utilizes a flat bonnet for a trolling motor, a front and aft platform for advanced casting and an additional storage expanse. The H395M also features battery/fuel tank lockers.

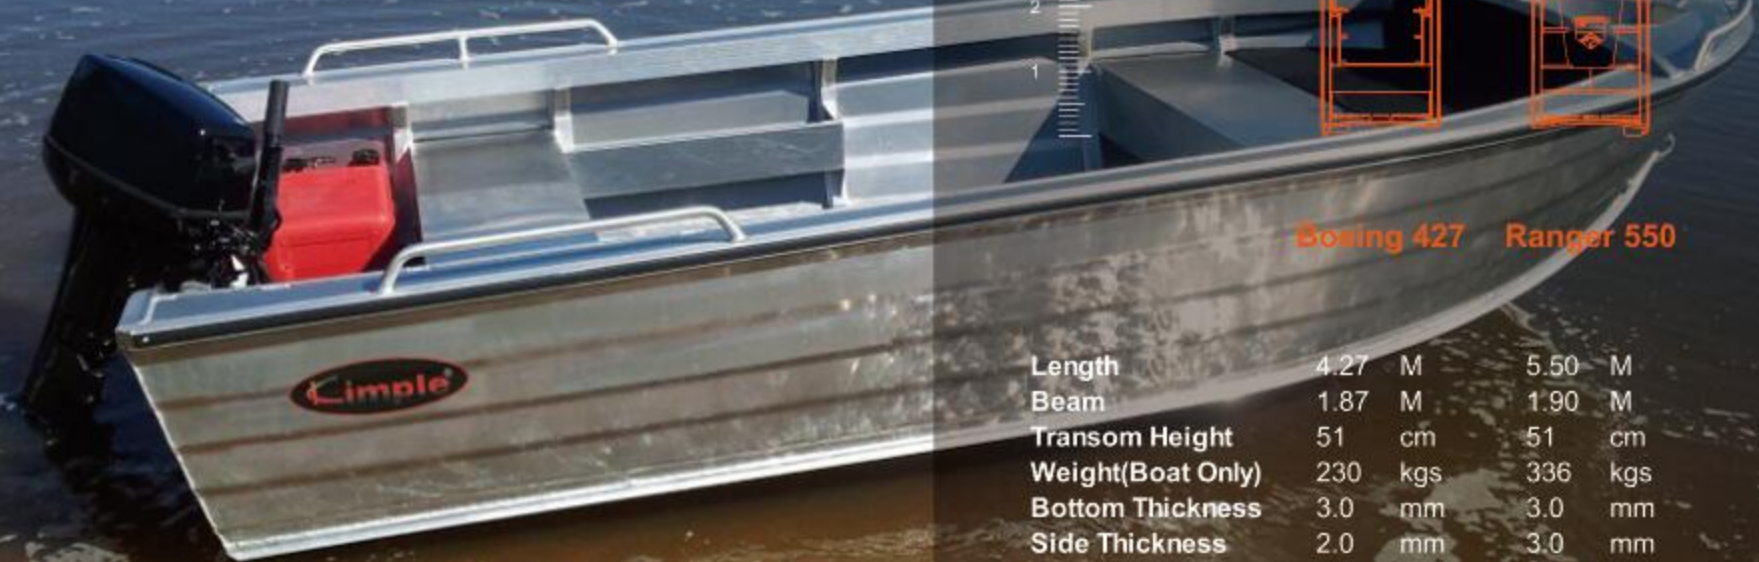

- Full length pressed strake increase on the rigid
- Marine grade aluminum
- Front and aft casting platforms with storage space underneath
- Battery/fuel tank storage

Hunter 450M

The Hunter 450M is an effortless but all-rounded, mid-sized fishing boat. Sharing the unique hull design of the Hunter family, the H450M is perfect warcraft for landing large fish on shallow waters.

- Full length pressed strake increase on the rigid
- Marine grade aluminum
- Front and aft casting platforms with storage space underneath
- Battery/fuel tank storage

Max Person	4	4	4	5

Adventure 360

As it maintains the basic profile, the 2018 Adventure 360 is more stable and stronger while improving the quality of planing smoothly. The wider bottom plate allows appropriate planing and provides a more stable platform when stopping. The new transverse stiffeners significantly increase the overall strength.

- Anti-slip floor
- Cell-foam Upholstery
- Optional storage in middle bench

Adventure 390

The Kimple Adventure 390 is a direct upgrade to the A360. Both sharing the same profile and factors, the A390 adopts a longer and wider hull providing an enhanced on-water experience.

- Anti-slip floor
- Cell-foam Upholstery
- Optional storage in middle bench

Adventure 440

The Kimple Adventure 440 is suitable for family leisure, fishing and water activities on lakes and sheltered coastal waters. The A440 can fit an outboard engine up to 20 hp.

- Storages in middle bench
- Anti-slip floor
- Cell-foam Upholstery

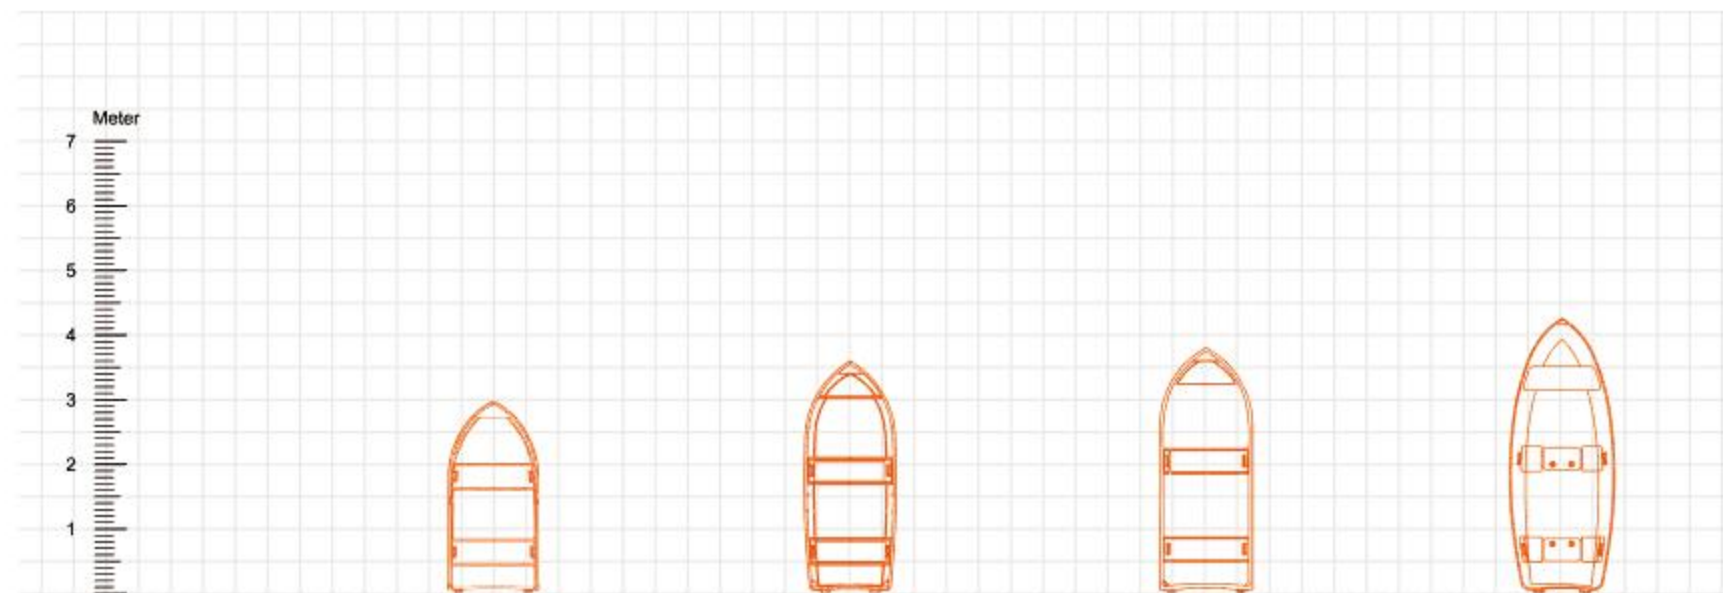

Adventure 460

The Kimple A460 is a new member of the Adventure family. The A460 is not only bigger, but with its thicker material, stronger structure, beamier hull, carpeted floor, and fuel tank lockers the A460 makes all the difference.

- Battery/fuel tank locker
- Storages in middle bench
- Carpeted plywood floor
- Cell-foam Upholstery

CATCH

Catch 300

Catch 365

Catch 390

Catch 430

Length	3.10 M	3.60 M	3.80 M	4.25 M

Max Person	2	4	4	4

Catch 300

The Kimple Catch 300 is an environmentally friendly aluminum boat in which is suitable for lakes and skerry-sheltered coastal waters. With the length of 3 meters and the weight of 58kg, C300 is one of the leading choices as a car-topper.

- For both rowing and outboard propelling experiences
- Suit car-top transportation
- Anti-slip floor
- Cell-foam Upholstery

Catch 365

The slim and light-weight design makes Kimple Catch 365 easy to load onto vehicle roofs and easy to transport between waters. The slightly oval design allows the 3.6-meter beast to be easily propelled with oars, small outboards or electric motors.

- Suit car-top transportation
- For both rowing and outboard propelling experiences
- Anti-slip floor
- Cell-foam Upholstery

Catch 390

The success of the Catch 365 triggered the development of Catch 390. While C365 balances rowing and power propelling performance, the C390 emphasises on power propelling by adopting a wider transom.

- For both rowing and outboard propelling experiences
- Anti-slip floor
- Cell-foam Upholstery

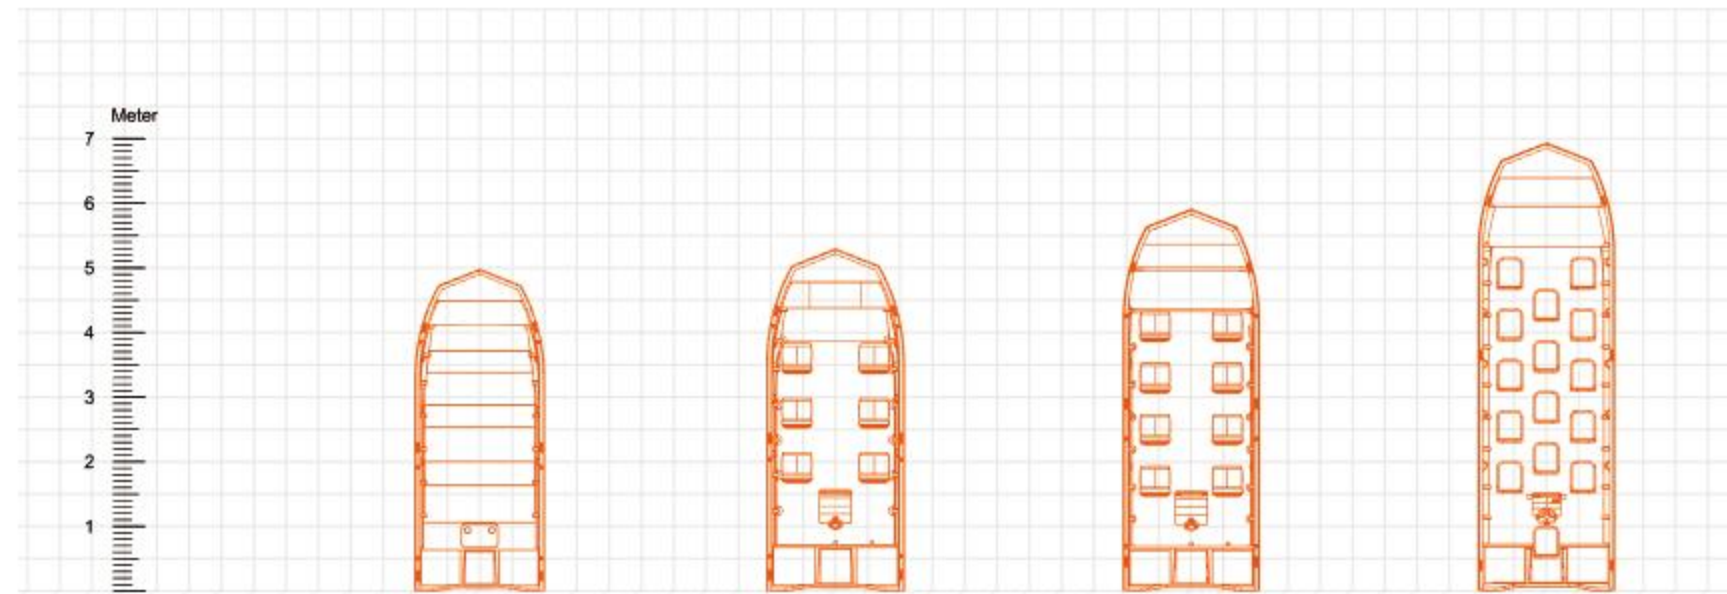

Catch 430

The Kimple Catch 430 maintains a classic rowboat profile with its long waterline and oval shape hull. The C430 provides an excellent rowing experience while being able to fit a small outboard engine or electric motor for easy cruising.

- For both rowing and outboard propelling experiences
- Storages in middle and stern seats
- Anti-slip floor
- Cell-foam Upholstery
